**Indian Land Tenure Foundation – Conservation Innovation Grant Award**

On Tuesday, September 15, 2015, the U.S. Department of Agriculture announced the Indian Land Tenure Foundation as one of its 2015 Conservation Innovation Grant award recipients. The grant will utilize its National Indian Carbon Coalition program to develop environmental markets in Indian country involving rangeland management and several different Native nations. More information can be found [here](#).

More information about the National Indian Carbon Coalition can be found at [www.indiancarbon.org](http://www.indiancarbon.org).
